

# Spray Tan

Full body spray tan  
\$45

Second coat  
\$15

A spray tan will only last as long as the coloured skin remains on the body so exfoliating as part of the pre-tan preparation to remove dead skin, and moisturising as part of the post-tan care will slow the shedding process and prolong your spray tan.

Choose from either, AvivaLabs, Naked Tan, SunFX, TechnoTan or Tuscan Tan.

## Lashes

Eyelash extensions are a cosmetic process whereby a synthetic lash is applied one-by-one to a natural lash to create a fuller, longer look. A bespoke style is selected to suit your desired look choosing from various lengths, curls and thicknesses.

Refills are scheduled every 3 to 4 weeks after initial application and require 50% of lash extensions to be remaining.
